## **ABOUT THE INSTITUTE**

College was established by the PSN Educational and Charitable Trust in the year 2001 under the leadership of our illustrious Chairman Dr.P.Suyambu, Ph.D, a multi-tasked personality and an admirable academic brilliance. The college is located at Melathediyoor, 12 km away from Tirunelveli unfolding its grandeur over 250 acres of land.

The college offers 9 UG, 7 PG and 5 Ph.D. programmes. On campus academic and Research activities drive both faculty and students towards their goals with the end results of research publications, funded projects, academic achievements and placement offers.

### **Vision**

To provide an academic environment to learn, work and do research enabling the students to face challenges in life with strong ethical values.

### **Mission**

- To achieve greater heights of excellence in technical knowledge and skill development through innovative teaching and learning practices.
- To develop the infrastructure to meet the demands of technological revolution.
- To improve and foster research in all dimensions for betterment of society.

- To develop individual competencies to enhance employability and entrepreneurship of students.
- To instil higher standards of discipline among students, including ethical and moral values for societal harmony and peace.

## **ABOUT MECHANICAL TECHNICAL FORUM**

Department of Mechanical has started technical forum in the name **MESH** and effectively organizing technical events like guest lecturers, workshops and faculty development programs to the faculty members. Since the academic year **2008 -2009**, it has joined hands to increase the number of events and the quality in the events. The forum executive body actively plans and executes the programs. This time it brings up a value added course for the benefit of the students and staff.

### **Department Vision**

To provide Mechanical Engineering education to meet global standards through enhanced core activities, skill development and research.

### **Department Mission**

- To educate students to be creative, inquisitive and innovative to become entrepreneurs.
- To instill advanced knowledge with research capabilities for global employment
- To uphold moral and ethical standards in life and career

## OBJECTIVES OF THE VALUE ADDED COURSE

This five days value added course aims to Learn features of Repairing and Maintenance Of Refrigeration , Air conditioning and washing Machine.

PSN College of Engineering and Technology		Degree: B.E.	Regulation:2018
Department	MECHANICAL ENGINEERING	Branch Code	10
Subject Title	Repairing and Maintenance of Refrigeration , Air conditioning and washing Machine		

### COURSE OBJECTIVE:

- To Predict the practical problems and Repairing of Refrigerator, Air Conditioner and Washing Machine

### Module 1 Refrigeration

Performance of complete Vapour compression system-Performance of condensing unit compressor – Expansion valve -Evaporator-. Installation of vapour compression refrigeration system - evaluation and dehydration testing for leakages - charging - adding oil

### Module 2 Air conditioning

Air-conditioning controls systems - basic elements of the control systems - temperature, humidity and pressure controls and refrigeration flow controls - room thermostat. Psychometric and (Air-conditioning) cooling load calculations

### Module 3 Washing Machine

Washing M/c: washing techniques- basic working principle of manual- semi automatic and fully automatic machines. Study the working of motors, different types of timers, power supply circuits.

**Total Periods: 30 Hours**

### REFERENCEBOOK:

1. ASHRE - Guide and data book
2. Refrigeration & Air-conditioning- C.P.Arora
3. Hand Book of Air conditioning system design –Carrier
4. ASHRAE Cooling and Heating Load Calculation Manual

### Evaluation procedure for the Value Added Courses

**Value added course on “Repairing and Maintenance of Refrigeration , Air conditioning and washing Machine” From 08-12-22 to 13-12-22**

The value-added training courses shall carry 50 marks and shall be evaluated through assessment only. The assessments will be conducted at the end of the course for the purpose of awarding certificates. The certificates will be awarded to the students those who obtained 60% and above marks in the assessment. Minimum of 80% attendance is essential for the courses. The duration of assessment is one hour. A committee consisting of the Head of the Department, staff handling the course and a senior Faculty member nominated by the Course coordinator will monitor the evaluation process.

## Department of Computer Science and Engineering

Name of the Course :	Internet of Things
Duration:	30 Hrs.

### Syllabus

#### IOT AND ARDUINO THEORY

Introduction on Internet of things, Various Electronics components, Arduino Board, Various Port in Arduino Board, Connection on Arduino Board.

#### LCD and LED Experiments.

1. Liquid Crystal > HelloWorld, Array of LED
2. LCD Scroll

#### Introduction of various Sensors

Working of various sensors, connecting sensors with Arduino board, practical session using various sensors.

1. Temperature & Humidity Sensor
2. Smoke Detection (MH-2) Sensor
3. Rain Drop Sensor
4. Flame Detection Sensor
5. Ultrasonic Sensor
6. MOTOR CONTROL
7. RFID Reader
8. Rotation Sensor
9. Sound Sensor
10. Vibration Sensor
11. Touch Sensor
12. Distance Sensor
13. Motion Sensor
14. Analog Gray Sensor
15. Tilt Sensor

### Report of Value Added Course Conducted

Title of the Course	Internet of Things
Dates & Duration	22.08.2022 to 26.08.2022 [30Hrs.]
Name(s) of the Resource Persons	Joseph Pushparaj, AP/CSE, PSNCET
Name of the Coordinator	Mrs.J.Yamuna Bee, PSNCET, AP/CSE
No. of Participants	59
Course Outcomes	
At the end of this course, the students gathered the knowledge on the usage of Arduino board with different types of sensors. And also they have learned to interface with IOT kit with system.	
Remarks of the Course Coordinator about the Course	
The students have attended the course regularly with full interest. More practical session has given. Overall feedback is Excellent	
Evaluation Procedure for the award of certificate	
The final evaluation is conducted through a MCQ method. Based on that, certificate will be awarded

## ABOUT THE INSTITUTION

An abode of excellence, a pinnacle of glory, a name that deserves mention whenever there initiates a discussion about the world of engineering, PSN College of Engineering & Technology. An autonomous institution. The institution was founded in 2001 with the sole purpose of providing cutting edge technical education that is both accessible and affordable. From the year 2001, the college embarked on programs of expansion in terms of courses and intake, infrastructure and facilities. Presently the college offers 10 U.G courses. The college also offers 10 P.G courses in engineering including MCA and MBA. More than 70 research scholars are in various disciplines. About 15 KMs away from Tirunelveli towards the well-known Papanasam, the college is situated in Melathediyoor. The institution is spread over an area of about 200 Acres, and maintains a royal existence with its marvellous infrastructure and widely acclaimed for its meticulous planning, resource scheduling and institutional management.

## ABOUT THE DEPARTMENT

The department of Electronics and Communication Engineering offer.

- B.E - ECE,
- M.E- Applied Electronics,
- M.E -Communication System,
- M.E -Embedded System Technologies and
- M.E -Avionics,

It has been recognized as Research Centre by Anna University, Chennai. It has well trained and experienced faculty members with high degree qualification, who are engaged with the cutting-edge researches such as Pattern Recognition NANO Science and Technology, VLSI/Embedded System, Wireless Sensor Network, Digital Signals, Image Processing etc. It has well equipped curriculum related laboratories.

## WEBSITE DESIGN USING HTML:

In this course, learning about basic principle of developing a website, design concept, HTML introduction, and elements of HTML, title page and website creation and finally publishing website is discussed. This course teaches you how to create Web Pages from scratch using the most current standard in HTML. We start with creating a simple HTML web page and end with a list of miscellaneous tags that are new in HTML 5. We also give you a list of several deprecated tags that are no longer in use. You can still use this in HTML 5 website design, but deprecated functionality often gets dropped eventually.

## TOPICS

- Basic principles of developing web site
- Home Page Layout
- Design Concept
- Elements of HTML
- Website creation
- Title page creation
- Website structure creation
