TEACHER'S DAY CELEBRATION REPORT

In India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvapalli Radhakrishnan, a staunch believer of education and a well-known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher.

In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India.

Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. Teacher's Day is celebrated with great enthusiasm in many parts of the world. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

"WHO IS TEACHER"

The teacher's day was celebrated by the ECE department at MBA seminar hall on 5th September to express their gratitude for the immense contribution put forth by their teachers towards their development. Teachers are the cornerstone of students' future.

Mr.A.C.Mariappan AP/Marine delivered speech about "Who is Teacher" to motivated the faculty members with the inspiring speech about Dr.Sarpapalli Radhakrishnan.

The Teachers' Day celebration was a memorable event that truly celebrated the dedication and hard work of our educators. It was a day filled with appreciation, joy, and love. The event not only honoured our teachers but also encouraged a positive and nurturing educational environment within our institution.

We look forward to continuing this tradition in the coming years and expressing our gratitude to the guiding lights of our lives – our teachers.
