2. Gender harassment has adverse effects.
3. The more power a perpetrator has over the target, the greater the impacts and negative consequences experienced by the target.
4. Sexual harassment has adverse effects that affect not only the targets of harassment but also bystanders, coworkers, workgroups, and entire organizations.

Outcome & Beneficiaries of the Event

1. The primary goal of the Campaign is to identify the main barriers or difficulty in reducing plastic from the household's garbage or garbage by any factory. The difficulty is also faced in separating the plastic waste from mixed wastes and residual waste streams
2. As the secondary objective, the campaign works on promoting the recycling of plastic waste into a new plastic product to decrease the production of plastic.
