MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding, dated the Twelfth of January 2024, is entered between PSN College of Engineering and Technology, Tirunelveli (hereinafter referred to as PSN CET) represented by the Principal Dr. V. Mani Kandan PhD and CADD Expert Training Institution, Tenkasi (herein after referred to as CADD Expert) represented by Mr. M. Maheshwaran BE, Managing Director.

COLLABORATION OBJECTIVE:

To maximize the placement opportunities for students of Civil and its related branches viz Drafting and Designing by equipping them with industry specific skills and make them industry ready.

This Memorandum of Understanding is to conduct **Technical, Business & Life Skill Development Program** for the students of Civil and its related branches viz Drafting and Designing, towards achieving the objective of maximizing the employment opportunities for students and to plan investments and instructors, this memorandum of understanding is being entered for a minimum period of 4 year, which can then be further extended mutually.

The Memorandum of Understanding states the terms and conditions under which the **Technical, Business & Life Skill Development program** shall be conducted by **CADD Expert** at PSN CET and lists herein the respective responsibilities of both parties.

SCOPE OF COLLABORATION:

Both parties to this MOU agree that the broad scope of responsibility will be as stated below:

CADD EXPERT SHALL PROVIDE

- The requisite instructors to provide workshops, seminars & guest lectures for the industry specific software, interview preparatory programs, mock interviews and also to conduct motivational programs.
- Summer and winter vacation internship programs will be provided based on the willingness of the students.
- Each student who successfully attends the program will be given participation certification.
- Assessment of student on program completion.

COLLEGE SHALL PROVIDE:

- Required number of computer systems in the lab for the practical sessions.
- Class rooms with projector for the theoretical classes.
- Schedule the classes for training programs after the normal working hours of the college.
- Ensure all students in a class will attend the training program scheduled for them.
- Disciplinary support for the smooth conduct and timely completion of the entire course.

PROGRAMME CONTENTS

CADD Expert in consultation with PSN CET will finalize the topics and program contents for the skills development program. These will be reviewed and suitable changes will be incorporated, if required.

LINK OFFICER

The principal shall appoint a Link Officer from the department for the duration of the program, who shall liaise with CADD Expert and speak for the participants to make the training process learner-friendly and effective. CADD Expert shall work in close relationship with the Link Officer, who in-turn shall keep a close touch with the students. In the event of any difference of opinion between CADD Expert and the Link Officer, the matter should be referred to the **Principal of PSN CET** and the **Managing Director of CADD Expert**. Both shall discuss and decide the course of action.

JURISDICTION

All matters, queries, disputes or differences, whatsoever, arising between the parties touching the construction, meaning, operation or effect of this Memorandum of Understanding or out of or relating to this Memorandum of Understanding or breach thereof shall be settled through arbitration in accordance with the relevant Arbitration Act in force at such time. The Arbitration award shall be binding on both parties.

VALIDITY

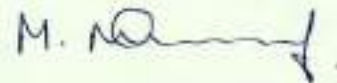

This Memorandum of Understanding will be valid for a period of 4 year.

This Memorandum of Understanding shall come into effect from January 2024.

Memorandum of Understanding

This Memorandum of Understanding signed on 15.12.2023 at Tirunelveli between PSN College of Engineering and Technology, hereinafter called as College and CADD Centre Training Services (P) Ltd located at, Tirunelveli New Bus Stand.

PSN College of Engineering and Technology is an Engineering College affiliated to Anna University located at Melathediyoor, Tirunelveli Dist (Tamil Nadu).

PSN college of Engineering and Technology, Tirunelveli represented by The Principal of that college which expression shall unless repugnant to the context means and include its successors and assigns of the one part.

CADD Centre is an authorized CAD/CAM/CAE training centre in Tirunelveli, Tamilnadu and also providing technical training in IT Software.

CADD Centre Training Services has all modern facilities to conduct the practical training and it is located near Tirunelveli New Busstand. CADD Centre Training Services is a well renowned institution in all parts of Tamilnadu for its practical oriented training programs in design field. CADD Centre Training Services are currently focusing on hands on Training on Different structural designing software platforms and detailing software. CADD Centre Training Services is represented herein by Registered Structural Engineer, which expression shall unless repugnant to the context mean and intrude its successors and assigns of the other part.

The content of the MOU is as below:

PSN College of Engineering and Technology has decided to recognize CADD Centre Training Services as an approved construction design, development and approval industry, as recommended by HoD - Civil Engineering Department and decided by principal to conduct various practical training and workshop at college and also at CADD Centre Training Services with their expertise.

The parties have had preliminary discussions in this matter and have ascertained areas of broad consensus. The parties now, have therefore, agreed to enter in writing these areas of consensus, under a Memorandum of Understanding. Now this Memorandum of Understanding witnesses that:

CADD Centre shall offer the following practical training programs as approved by PSN College of Engineering and Technology.

Name of the Courses:

1. Designing : AutoCAD, Revit Architecture, Sketchup, 3ds MAX
2. Software Simulation - Design & Detailing in Staad Pro , Tekla , Etabs
3. Survey Softwares - Autocad Civil 3d, MX Road
4. Rendering and Animation - Lumion, VRay
5. Management & Planning Software - Primavera, MS Project
6. Placement Training

The training fees of the respective courses may be fixed and revised by the mutual consent of the college and CADD Centre Training Services.

The Training shall be conducted in the college campus as well as in CADD Centre Training Services on mutually convenient days for this academic year.

The above said courses shall be conducted at PSN College of Engineering and Technology campus on regular basis.

In addition to the training at the college campus, CADD Centre Training Services conduct various training programs at their facility in Tirunelveli. The college will publicize the event to their students and send them to attend the training courses if students are interested.

RESPONSIBILITIES OF COLLEGE AND CADD CENTRE TRAINING SERVICES Pvt. Ltd.

- 1.1 CADD Centre Training Services shall provide training with qualified trainers to the college. The professional trainer will be deputed by CADD Centre Training Services to explain the various design & detailing techniques in structural steel. He will also deliver the class room and online presentation which mainly contains the industry inputs and practical knowledge about Design Methodology. CADD Centre Training Services shall also provide certificate to all participants upon completion of the training.
- 1.2 The college shall provide infrastructure facilities like class room for presentation, practice hall, work tables and gadget support for smooth conduct of the training. The college owns responsibility of collecting the

training fees from the students as decided by both the parties and pay to CADD Centre Training Services upon completion of the training. The commercials, mode of payment and the minimum no of students participating in the training agreed by both the parties before the start of the training shall be honored.

- 1.3 CADD Centre Training Services shall get the consent from the college before conducting the training and the college shall intimate CADD Centre Training Services to conduct the training at their campus by e-mail. The dates and no of days of training shall be fixed as mutually convenient to both the parties.
- 1.4 The college has the right to give advertisement to attract the other college students for the training program and the expenditure for the advertisements shall be borne by the college.
- 1.5 This MOU shall be valid for a period of Three years from this date and can be renewed for a further period of Three years on mutual consent. Both the parties have the right to cancel the MOU by giving one month notice.
- 1.6 The college shall help CADD Centre Training Services and vice versa for further development of the students in the college and technical expertise of CADD Centre Training Services by guest lectures and involving themselves in the student's research activities

In witness whereof the parties have signed this Memorandum of Understanding of the day, month and year first hereinabove written.

Sub: Permission for conducting seminar on "Advanced Technology in AEC" -- Reg.

Respected Sir,

With due respect, I am request you to kindly permit to conduct a Seminar on "Advanced Technology in AEC". The programme is to be held on 01.02.2024, 11.30am at III Civil class room. We have invited Mr.Sugunesh, Technical Trainer, CADD Expert Training Institution is the guest speaker. It will be a great opportunity for the students to attend the seminar as it will be full of knowledge and will help them in the future. Hope for your favourable response about the matter.

Event Outcomes : On completion of the event the students will be able to	
<ul style="list-style-type: none">➤ Increasing integration of artificial intelligence (AI) and machine learning (ML) technologies within the Architecture, Engineering, and Construction (AEC) industry experiencing self-efficacy.➤ Exploration of virtual reality (VR) and augmented reality (AR) applications in AEC.	
Remarks of the coordinator about the event	
The Department of Civil Engineering organized a Seminar on "Advanced Technology in AEC" program. The event started on 01.02.2024 at 11.30 am in the presence of a resource person, Mr.Sugunesh, Technical Trainer, CADD Expert Training Institution, Tenkasi. The event coordinator, Ms.S.Mahalakshmi, Assistant Professor of Civil Engineering, PSN College of Engineering and Technology (Autonomous), welcomed the event's chief guest, faculty, and all the participants. The resource person highlighted the facilitating virtual mock-ups for construction planning, and supporting on-site assembly through AR-guided workflows & optimize various aspects of project planning, design, construction, and management. In this event twenty seven students registered & actively participated. The vote of thanks which was given by Ms.S.Mahalakshmi, Assistant Professor, and Civil Engineering / PSNCET. The participants expressed their gratitude to the organizers and the guest speaker.

Report of the Event

Name of the event	Guest Lecture on "Career Opportunities in Civil Engineering"
Date & Duration	08.02.2024 & 11.30 am
Name of the Resource Person	Mr.P.Arulmuthu, Technical Trainer, CADD Centre Training Institution, Tirunelveli
Name of the event coordinator	Mr.B.Muthuramu, Assistant Professor / Civil / PSNCET
No. of Participants	27

Event Outcomes : On completion of the event the students will be able to

- Highlights the importance of developing both technical and soft skills necessary for success in civil engineering careers, such as problem-solving, communication, teamwork, project management, and leadership.
- Explore new areas of interest within civil engineering, encouraging them to consider specialization in fields like environmental engineering, transportation engineering, geotechnical engineering, or urban planning.

Remarks of the coordinator about the event

The Department of Civil Engineering organized a Guest Lecture on "Career Opportunities in Civil Engineering" program. The event started on 08.02.2024 at 11.30 am in the presence of a resource person, Mr.P.Arulmuthu, Technical Trainer, CADD Centre Training Institution, Tirunelveli. The event coordinator, Mr.B.Muthuramu, Assistant Professor of Civil Engineering, PSN College of Engineering and Technology (Autonomous), welcomed the event's chief guest, faculty, and all the participants. The resource person highlighted the importance of continuing education, professional certifications and lifelong learning for career advancement in civil engineering. In this event twenty seven students registered & actively participated. The vote of thanks which was given by Mr.B.Muthuramu, Assistant Professor, and Civil Engineering / PSNCET.

To
The Head of the Department - Marine Engineering
PSN College of Engineering and Technology
Melathediyoor
Tirunelveli District, PIN - 627152

Respected Sir,

Sub: Consent for using Swimming Pool - Requested.

As you are aware, the Maritime Training Institutes (MTIs) have to have an approved swimming pool or ought to have a Tie-up with an MTI having approved swimming pool facility. We are not having a swimming pool in our MTI. Your MTI is the closest one to ours having an approved Swimming Pool. We request you to kindly accept to have a Tie-up with us for using your swimming pool by our students. We are ready to accept the Terms and Conditions suggested by you.

Thanking you,

Yours faithfully,

Capt. S. VIJAYAN PILLAI,
DIRECTOR
Dept. of Marine Engineering

MEMORANDUM OF UNDERSTANDING (MOU)

BETWEEN

PSN COLLEGE OF ENGINEERING AND TECHNOLOGY, MELATHEDIYOOR,
TIRUNELVELI - 627152, TAMILNADU, INDIA

And

CADD EXPERT TRAINING INSTITUTION,
TENKASI, TAMILNADU, INDIA

FOR

INTERNSHIPS, ON THE JOB TRAININGS, PLACEMENT, ENTREPRENEURIAL
SKILL DEVELOPMENT, AND RELATED SERVICES

MEMORANDUM OF UNDERSTANDING

This **Memorandum of Understanding** (here in after called as the 'MOU') is entered in to on this the (01-02-2024) First day of February, Two Thousand and Twenty-Four by and between

PSN College of Engineering and Technology, Melathediyoor, Tirunelveli – 627152, Tamil Nadu, India, THE FIRST PARTY represented herein by its principal

AND

CADD Expert Training Institution, Tenkasi, THE SECOND PARTY represented here in by its Name of Competent Authority/Representative

PURPOSE OF MOU

In particular, this MOU is intended to

1. Provide internships and for students
2. Provide opportunities for the students to do industrial projects
3. Organize various workshops on Entrepreneurship Development
4. Conduct practical trainings on Entrepreneurship Development
5. Generate self-employment opportunities
6. Assist the students in establishing various start-ups
7. Arrange the placement of the students
8. International certification awareness
9. Communication and appropriate skill set based on Industrial need.

**NOW THEIR FORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FOR
THIN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:**

Clause 1

CO-OPERATION

- 1.1 Both parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations. The parties shall keep each other informed of potential opportunities and share all information that may be relevant to secure additional opportunities for one another.
- 1.2 The co-operation between First Party and Second Party will facilitate effective utilization of the intellectual capabilities of the Second Party providing significant inputs to them in developing suitable teaching/training systems, keeping in mind the needs of the First Party.

Clause 2

SCOPE OF THE MOU

- 2.1 Both parties believe that close co-operation between the two would be a major benefit to the student community to enhance their skills and knowledge.
- 2.2 The First Party shall provide training for the employees of the Second Party in the college campus or visiting the company. The First Party also extends its testing facilities to the Second Party whenever it is required on mutually agreed terms and conditions.
- 2.3 The First Party shall take up consultancy job to assist the Second Party wherever possible on mutually agreed terms and conditions.
- 2.4 The Second Party will give valuable input to the First Party in teaching/training methodology so that the students fit into the industrial scenario meaningfully.
- 2.5 The interaction between Industry and PSN College of Engineering and Technology will give an insight into the latest developments /requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs/Workshops/ Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- 2.6 The Second Party will train the students of the First Party on the emerging technologies in order to bridge the gap in skill and make them ready for industry.

- 2.7 The Second Party will extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.8 The Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs.

Clause 3

VALIDITY

- 3.1 The validity of the agreement is FIVE years from the date of agreement.
- 3.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter called as the 'MoU') is entered into on this the Forth— October—Two Thousand and Twenty-Three (04/10/2023), by and between

PSN COLLEGE OF ENGINEERING AND TECHNOLOGY, MELATHEDIYOOR (POST) TIRUNELVELI - 627152, TN, India, the First Party, and represented herein by PSN COLLEGE OF ENGINEERING & TECHNOLOGY, (Hereinafter referred to as "First Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors — in-office, administrators and assigns).

AND

PAGO ACHIEVERS, 16/G1 CART TRACK STREET, GUINDY, CHENNAI, TAMILNADU — 600032 the second party represented herein by PAGO ACHIEVERS. Hereinafter referred as 'Second Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors — in-office, administrators and assigns).

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party') as

WHEREAS:

A) First Party is an Educational Institution named:

**PSN COLLEGE OF ENGINEERING AND TECHNOLOGY,
MELATHEDIYOOR (POST) TIRUNELVELI - 627152**

B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.

C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.

D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.

**PAGO ACHIEVERS, 16/G1 CART TRACK STREET, GUINDY, CHENNAI,
TAMILNADU — 600032** the Second Party is engaged in Skill Development, Education, Recruitment and R&D Services in the fields.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1

CO-OPERATION

1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.

1.3 The general terms of co-operation shall be governed by this MoU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MoU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MoU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2

SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 Curriculum Design: Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 Skill Development Programs: Second Party to train the students of First Party on the emerging technologies and program languages, Advanced tools in order to bridge the skill gap and make them industry ready.
- 2.4 Guest Lectures: Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.
- 2.5 Faculty Development Programs: Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.6 Both Parties to obtain all internal approvals, consents, - permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.7 The number of events contacted by the first party will be discussed based on the conveniences of the second party during every academic year
- 2.8 Campus Recruitment: Second Party can provide the recruit the eligible students of First party for their own requirement and also their client requirement.

CLAUSE 3

INTELLECTUAL PROPERTY

3.1 Nothing contained in this MoU shall, by express grant, implication, Estoppels or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4

VALIDITY

4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **PSN COLLEGE OF ENGINEERING AND TECHNOLOGY**, the First Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **PAGO ACHIEVERS or PSN COLLEGE OF ENGINEERING AND TECHNOLOGY**, the First Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MoU.

4.2 Both Parties may terminate this MoU upon 30 calendar days notice in writing. In the event of Termination, both parties have to discharge their obligations

CLAUSE 5

RELATIONSHIP BETWEEN THE PARTIES

5.1 It is expressly agreed that First Party and Second Party are acting under this MoU as independent contractors, and the relationship established under this MoU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MoU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

2024.11.06 12:31

1/5

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party.

Report On

One day online seminar on "Campus To Corporate"

Organized by: Department of Management Studies

PSS College of Engineering and Technology (Autonomous), Tirunelveli-627152

Seminar Summary

This report provides a brief summary of a one-day Seminar "Campus To Corporate" organized by the Department of Management Studies, PSS College of Engineering and Technology (Autonomous) on 04/10/2023 from 9.30 am to 4.00 pm. The Seminar was conducted by Mr. E. Paul Ravichandran, Page achievers, Chennai. Most of the students were actively attended in this course. The course provided an interactive atmosphere between the speaker person and the students.

Aim of the Seminar

The aim of the program is to enable the students to improve the Personality

To reach out to students from all walks of life and create awareness about corporate expectation from the fresher

Seminar Methodology

▲ Lectures and discussion

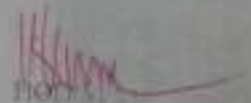

Session

▲ Motivation

▲ Attitude

Program Content

The program opened with a formal Inaugural session at 09.30 am. The program was inaugurated by Prof. K. Sundarajan, the Head of the Department. It was more cordial being accompanied by Dr. K. Samuel Saravanan and Mrs. M. Suganya, Faculties of Management Studies. The course was attended by 42 students from this department.

HOD

Memorandum of Understanding

This Memorandum of Understanding is made and executed on the 09th of May 2024. This MOU signifies a statement of intent for collaboration between:

M/s. Pacific Link College RAK Campus., situated at E311 - Khalifa Bin Zayed City - Ras al Khaimah represented by Dr. S. Karthikeyan, Campus Director. **M/s. Pacific Link College RAK Campus**, a leading higher educational institute in UAE, herein after called the **FIRST PARTY**

AND

PSN College of Engineering and Technology located at Tamilnadu (Tirunelveli), India is approved by AICTE, New Delhi and affiliated to Anna University, Chennai represented by Dr.P.Selvakumar, Executive Director, PSN College of Engineering and Technology, Tirunelveli, herein after called as the **SECOND PARTY.**

1. Purpose: The purpose of this MoU is to promote academic and cultural collaboration between first party and second party for mutual benefit.
2. Areas of Collaboration:

The areas of collaboration may include but are not limited to:

- a. Exchange of students, faculty, and staff
- b. Curriculum development and academic program review
- c. Joint academic conferences, seminars, and workshops
- d. Sharing of educational resources and facilities
- e. Cultural and language exchange programs
- f. Joint research projects

3. Student exchange program:

- a. Undergraduate and postgraduate students enrolled at the second-party institution shall have the opportunity to participate under **International Academic Mobility Program**, transferring to the first-party institution during their final year of study.
- b. The International Academic Mobility Program aims to provide students with a unique academic experience, exposing them to a different learning environment and cultural context at the first-party institution.
- c. Eligible students shall undergo a selection process based on academic performance, personal suitability, and other criteria determined by both the second-party and first-party institutions.
- d. Students selected for the International Academic Mobility Program shall be enrolled in suitable courses offered by the first-party institution during their final year of study.
- e. The first-party institution shall facilitate the seamless integration of transferring students into its academic programs, providing necessary support and resources to ensure a smooth transition.
- f. Transferring students shall adhere to the academic regulations, policies, and requirements of the first-party institution, including course enrollment, attendance, assessments, and other academic obligations.
- g. Upon successful completion of the International Academic Mobility Program, students shall receive academic credit for the courses completed at the first-party institution, which may contribute to their overall academic progression and qualifications.
- h. Students in undergraduate or postgraduate programs can visit the Canada campus for three months, but must cover all related expenses, including tuition, travel, and living costs. During their stay, they will have support from the Canada campus in exploring job opportunities.
- i. Placement assistance provided by the Canada campus shall be subject to the students' qualifications, eligibility, and compliance with Canadian immigration regulations and employment laws.

- j. Students shall be responsible for fulfilling all academic obligations associated with the additional courses, including attendance, assignments, examinations, and any other requirements stipulated by course instructors.
- k. Successful completion of additional courses may be reflected in the students' academic transcripts and may contribute to their overall academic achievements and qualifications.
- l. Any expenses incurred during the transition between institutions shall be the responsibility of the student unless otherwise specified in this agreement.
- m. Both parties agree to collaborate and communicate effectively to ensure the student's academic journey is smooth and successful.

2. Student Fee:

- a. The student agrees to pay a tuition fee of up to 3840 USD per year (320 USD per month) to the first-party institution for the duration of their studies.
- b. The tuition fee covers the cost of academic instruction, facilities usage, and other related services provided by the first-party institution.
- c. The student shall make timely payments of the tuition fee as per the payment schedule provided by the first-party institution.
- d. Any additional fees or charges beyond the agreed-upon tuition fee shall be communicated to the student in advance, and the student shall be responsible for making payment accordingly.
- e. Students opting to visit the Canada campus must pay additional tuition fees as determined by the campus administration, which will communicate the fee details, payment deadlines, and accepted methods before departure. Visiting students are responsible for making timely payments according to campus policies. Failure to comply may result in the cancellation of the visit and restrict participation in campus activities.
- f. In the event of any changes to the tuition fee structure, both parties agree to negotiate in good faith to reach a mutually acceptable agreement.

4. Student Accommodation:

- a. The first-party institution agrees to provide accommodation inside UAE for all students enrolled in any program at a minimal cost.

- b. The accommodation provided by the first-party institution shall meet basic living standards and be conducive to the students' academic pursuits.
- c. The minimal cost for accommodation shall be communicated to the students prior to their arrival at the first-party institution.
- d. The first-party institution shall ensure the availability of sufficient accommodation units to accommodate all students enrolled in the program.
- e. Students shall adhere to the rules and regulations governing accommodation set forth by the first-party institution.
- f. Local travel expenses and food expenses shall be considered separate from tuition and accommodation fees.
- g. The student shall be responsible for covering their own local travel expenses, including transportation to and from the first-party institution, as well as any transportation required for extracurricular activities or personal errands.
- h. Similarly, the student shall be responsible for their own food expenses, including meals consumed on or off-campus, unless otherwise specified by the first-party institution.
- i. The first-party institution shall provide guidance and information regarding local transportation options and dining facilities available in the vicinity of the institution.
- j. Any special arrangements or assistance required by the student in relation to local travel or food expenses shall be addressed through appropriate channels provided by the first-party institution.

5. Student Internship:

- a. During the period of study at the first-party institution, students enrolled in any program shall be provided up to six-month internship opportunity inside UAE.
- b. The internship shall offer practical exposure to real-world business environments, allowing students to apply theoretical knowledge gained during their academic studies.
- c. The first-party institution shall facilitate the placement of students in suitable internship positions with any UAE organizations, taking into consideration the students' areas of interest and career goals.

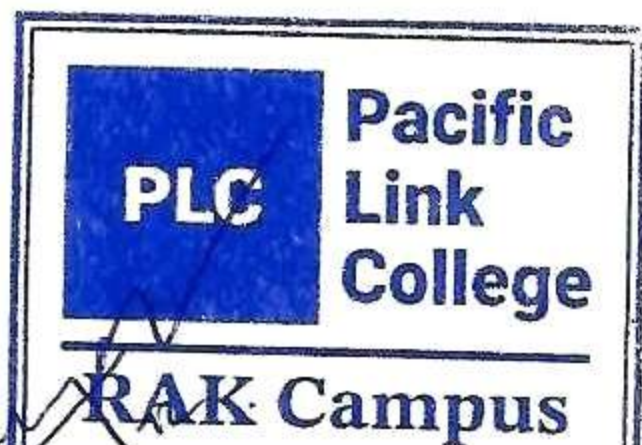

- d. The internship experience shall be integrated into the academic curriculum, with appropriate assessment mechanisms in place to evaluate the students' performance and learning outcomes.
 - e. Students shall actively participate in the internship program, adhering to the rules, regulations, and expectations outlined by both the first-party institution and the host organization.
 - f. The first-party institution shall provide necessary support and guidance to students throughout the internship period, ensuring a meaningful and enriching experience.
 - g. Upon successful completion of the internship, students may receive academic credit or recognition as per the policies of the first-party institution.
6. Placement: Upon the successful completion of one year of study at the first-party institution, the institution shall provide placement assistance to the students.
7. Visa:
- a. The first-party institution may provide guidance and support to students regarding the visa application process, including information on required documentation, procedures, and relevant authorities to contact.
 - b. Students shall ensure compliance with the visa regulations and requirements of the respective countries, following all guidelines and instructions provided by the immigration authorities.
 - c. The first-party institution shall not be liable for any delays, rejections, or complications arising from the visa application process, as it is beyond the institution's control.
 - d. Students are encouraged to budget and plan accordingly for visa-related expenses, considering factors such as application fees, medical examinations, and travel costs to visa processing centers or embassies.
8. Implementation: Both parties agree to work collaboratively to implement the objectives outlined in this MoU. Specific activities and projects will be determined through mutual agreement and formalized through separate agreements or protocols as necessary.

9. Duration: This agreement shall remain in force for 5 years from the date of the last signature, with the understanding that it may be terminated by either party giving 6 months prior notice to the other party in writing.
10. Confidentiality: Both parties agree to treat confidential information obtained during the course of collaboration with the utmost confidentiality and not to disclose it to any third party without prior written consent.
11. Amendment: Any amendment or modification to this MoU shall be made in writing and signed by authorized representatives of both parties.
12. Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

The following individuals, duly appointed by their respective institutions, are authorized to sign on behalf of Pacific Link College (PLC) and PSN College of Engineering and Technology, Tirunelveli, effective as of 09.05.2024:

Five days Online Faculty Development Program on "Industry 5.0"

Content of the FDP

- ↓ Ascertaining the suitability of machine learning tools in construction site safety.
- ↓ Revolutionizing Education with Industry 5.0: Pioneering human centric and sustainable academic innovations
- ↓ Metal 3D Printing Technology
- ↓ Exploring the prodigious potential of additive manufacturing in Industry 5.0.
- ↓ Advances in welding technology.

Proposed List of Experts to Deliver Lecture:

S.No	Expert Name	Designation	Institution Name
1.	Dr. Ajith Subbiah	Assistant Professor Industrial safety Engineering	Stella Marys college of Engineering, Kanyakumari
2.	Dr. S. Karthikeyan	Academic Head operations	RAK Campus United Arab Emirates
3.	Dr. Anish Nair	Research incharge Faculty of Mechanical Engineering	University of Ljubljana Slovenia
4.	Dr. Lavish kumar singh	Professor	School of Engineering Jawaharlal Nehru University New Delhi
5.	Dr. M. Sowrirajan	Associate Professor Faculty of Mechanical Engineering	Coimbatore institute of Engineering and Technology, Coimbatore

Organize

FIVE DAYS FACULTY DEVELOPMENT PROGRAMME ON "INDUSTRY 5.0"

27.05.2024-31.05.2024

DAY 1

Name of the Resource Person: Dr. Ajith Subbiah
Assistant Professor
Industrial Safety Engineering
Stella Mary's College of Engineering, Kanniyakumari,
Tamil Nadu
Title: Reinforcing the Sustainability of Machine Learning Tools in Construction
[Day 1 | Date- 27.05.2024 | 10.00 a.m to 12.00 a.m]

DAY 2

Name of the Resource Person: Dr. S. Karthikeyan
Academic Head Operations
Pacific Link College
RAK Campus
United Arab Emirates,
Title: Revolutionizing Education with Industry 5.0: Fostering Human-Centric
and Sustainable Academic Innovations
[Day 2 | Date- 28.05.2024 | 10.00 a.m to 12.00 a.m]

DAY 3

Dr. Anish Neer
Research Assistant at Laboratory of Synergetics
Faculty of Mechanical Engineering
University of Ljubljana,
Slovenia
Title: Metal 3D Printing Technology
[Day 3 | Date- 29.05.2024 | 10.00 a.m to 12.00 a.m]

DAY 4

Dr. Lavish Kumar Singh
School of Engineering,
Jawahar Institute of Technology,
New Delhi 110067, India
Title: Exploring the Prodigious Potential of Additive Manufacturing in Industry 5.0
[Day 4 | Date- 30.05.2024 | 10.00 a.m to 12.00 a.m]

DAY 5

Dr. M. Sowrirajan
Associate Professor
Department of Mechanical Engineering
Coimbatore Institute of Engineering and Technology
Coimbatore
Title: Advances in Welding Technology
[Day 5 | Date- 31.05.2024 | 10.00 a.m to 12.00 a.m]

Department of Mechanical Engineering

Five Days FDP on Industry 5.0

Day .2 Dr. S. Karthikeyan, Head Academic Operations, RAK Campus, Dubai/ 28.05.24

Topic: Revolutionizing Education with Industry 5.0: Pioneering Human-Centric and Sustainable Academic Innovations

Department of Mechanical Engineering

Five Days FDP on Industry 5.0

APPLICATIONS

- Low-cost machines use a plaster-based powder and a water-based binder to fabricate parts.
- Infiltrants are used to strengthen the parts after they are removed from the powder bed.
- Starch or polymer powders - rural prototypes or light-duty functional prototypes.
- Elastomeric infiltrants - functional purposes.
- Polymer powders and wax-based infiltrants - patterns for investment casting

MYTHS & MISCONCEPTIONS

- Additive Manufacturing will replace conventional manufacturing
- Almost anything can be made by AM
- Metal AM can make parts less expensively
- Most '3D printed products' are indeed 3D printed
- AM parts are inferior to conventional parts
- An insufficient number of AM materials are available

Day .3 Dr. Anishnair, Post-Doctoral Researcher, Ljubljana, Salavenia/ 29.05.24

Topic: Metal 3D Printing Technology

PSN College of Engineering and Technology
An Autonomous Institution, Affiliated to Anna University

Accredited by NAAC with A+ Grade in 3rd Cycle & Accredited by NBA (B.E - MECH, EEE & CSE)
Melathediyoor, Tirunelveli - 627 152.

Remarks of the Coordinator about the Event

A Five days FDP was organized by the Department of Mechanical Engineering from 27-05-2024 to 31-05-2024. Dr. Arun prasath Asso. Professor/MECH & Dr. C. Muthusamy Prof/MECH, are the Event Coordinators and Dr. Ajith Subbiah, Stella Marys college of Engineering, Kanyakumari, Dr. Anish Nair RAK Campus, United Arab Emirates, Dr. Anish Nair Faculty of Mechanical Engineering, University of Ljubljana, Slovenia, Dr. Lavish kumar singh Jawaharlal Nehru University, New Delhi, Dr. M. Sowrirajan Faculty of Mechanical Engineering, Coimbatore Institute of Engineering and Technology, Coimbatore are the resource persons of this Five days FDP. However, 53 faculty members were participated, benefited and received their participant Certificates. The objective of the FDP was to provide the principle of Industry 5.0 and Techniques, Implementation of Industry 5.0 in various industries and the development and also the applications and limitations of Industry 5.0. Faculty members were impressed and got benefited.

Date: 30.05.2024

**INTERINSTITUTIONAL COOPERATION FRAMEWORK AGREEMENT
CELEBRATED BETWEEN UNIVERSIDAD SANTIAGO - COLOMBIA AND PSN
COLLEGE OF ENGINEERING AND TECHNOLOGY – INDIA**

1. PARTIES TO THE AGREEMENT

1.1) **SANTIAGO DE CALI UNIVERSITY:** civil corporation of private law, of common utility, non-profit, with legal status legal entity recognized by Resolution number 2800 of September 2, 1959 of the Ministry of Justice and as a university by Decree number 1297 of 1964 of the Ministry of National Education that in the text of this writing will be referred to simply as **UNIVERSITY**, legally represented by the rector Doctor **CARLOS ANDRES PEREZ GALINDO**, identified with the citizenship card number 94.460.631 issued in Cali (Valle), who for the purposes of this contract will be called the USC.

1.2) **PSN COLLEGE OF ENGINEERING AND TECHNOLOGY:** (Private institute located in Tirunelveli in Tamil Nadu. The address of the institute is PSN Nagar, Melathediyoor (Post), Palayamkottai (Taluk), Tirunelveli, PIN Code 627152. Tamil Nadu, INDIA). PSN College of Engineering and Technology (PSNCET), Tirunelveli, was established by the PSN Educational and Charitable Trust in the year 2001 under the leadership of Dr. P. Suyambu a multi – tasked personality with admirable academic brilliance. The College is located at Melathediyoor, 12 km away from Tirunelveli unfolding its grandeur over 27 acres of land. The College exhibits an attractive panorama conducive to education and research due to its serene surroundings covered by last rows green trees at the backdrop of mountains with birds chirping all time. PSN college of Engineering and Technology was conferred with **AUTONOMOUS** status by University Grants commission (UGC), New Delhi from 2012 – 2013 onwards enabling the college to fulfil the aspirations of the students in getting quality education and better employment. The PSN group with a network of eight institutions has made tremendous strides in the field of higher education. PSNCET offers 10 UG, 9 PG and 5 PhD programmes. This institution has been recognized u/s (2f, 12B) by UGC, accredited by NAAC. The college has four centres of excellence – PSN – BOSCH REXROTH, PSN – INTEL, PCB design and PSN-National Instruments. This is an ISO 9001:2011 certified institution. The College has signed MOU with University of Malaysia Pahang for staff & student exchange, and collaborative research with VECC, Kolkata. Contact Details: Website: www.psnacet.ac.in. In Email: [drpsuyambu\(at\)gmail.com](mailto:drpsuyambu(at)gmail.com) Landline Number: (+91) (4634)(279009) (279680). Legally represented by **VAIRAVAN MANIKANDAN** by Principal at PSN College of Engineering and Technology for the purposes of this agreement, shall be named **PSN COLLEGE OF ENGINEERING AND TECHNOLOGY - INDIA**.

II. CONSIDERATIONS:

1. The parties to this Agreement share various interests and objectives in the academic, research, cultural or social projection fields.
2. That the agreement intends to achieve a harmonious and functional relationship between the activities of USC and the activities of PSN COLLEGE OF ENGINEERING AND TECHNOLOGY.
3. That both Institutions express their willingness to respond with guarantee to the scientific and technical challenge that society demands, with their mutual commitment to the permanent improvement of the quality of teaching, research, training and services.
4. That both the USC of Cali-Colombia and the PSN COLLEGE OF ENGINEERING AND TECHNOLOGY-INDIA, consider that direct cultural agreements between institutions are essential in their mutual interest in establishing relationships to promote the development of high-quality scientific research activities and extension courses .
5. That it is the wish of both Institutions to sign an Agreement that serves as a framework for carrying out joint cooperation activities, high-quality scientific research activities and academic cooperation, and extension courses, among others.
6. That each institution respects the autonomy of the other, however the concept of cooperation is fostered and developed.
7. That both Institutions, in their fundamental work and by virtue of their transforming nature, seek to influence all social actors through research, teaching and extension activities, with criteria of academic excellence, ethics and social responsibility; It trains people of high academic, professional and personal qualities.
8. The parties are capable of binding themselves and, therefore, are not involved in any cause of inability, legal incompatibility or conflict of interest that prevents them from signing this agreement.

Based on the foregoing Considerations, the undersigned institutions formalize inter-institutional cooperation through this Framework Agreement, governed by the following clauses:

III CLAUSES:

FIRST.Object: The purpose of this agreement is to establish and regulate inter-institutional relations between USC CALI and PSN COLLEGE OF ENGINEERING AND TECHNOLOGY - INDIA, for which they undertake to establish framework of institutional cooperation to execute common goals, associate resources, capacities and inter-institutional competencies, and participate in the financing and administration of

projects, in order to cooperate in the development of academic activities, promotion of research, support, promote, integrate, cooperate and encourage the realization of joint activities of high quality scientific research, academic cooperation, pedagogical support, exchange of teachers and students, joint publications, participation in activities of social projection, formulation of projects in common fields interest for both Institutions and joint consultancy projects. Promote cooperation support for internationalization and generation of networks. The guiding criteria of this Agreement will be permanent: equity, balance, and reciprocity with respect to mutual benefits and considerations.

FIRST PARAGRAPH. Development of the purpose of the Agreement: In compliance with the purpose of this agreement, the parties agree that the academic body of the COMBA I+D research group of the Faculty of Engineering of the Santiago de Cali University, Valle del Cauca, Colombia, with its leader Doctor Claudia Liliana Zúñiga Cañón or whoever takes her place and the academic body of the PSNCET R&D research group of the Department of Science and Engineering of PSN College of Engineering and Technology, Tirunelveli, Tamil Nadu, India, led by **Dr. Sudhakar Sengan**, Professor & Director of International Relations or whoever takes his place. They will jointly carry out activities and projects on all kinds of issues that are of interest to the research groups they represent. The PARTIES clarify that the

Among these activities, by way of example but not limited to, the following can be mentioned:

1. Development of joint research projects.
2. Promote the academic mobility of students and teachers.
3. Organization of academic events.
4. Exchange of publications, research papers and any type of academic material that may be of interest, as well as joint publications.
5. Promote joint publications resulting from academic cooperation activities or research projects carried out through this agreement, in co-edition with national or foreign publishers in the institutional and commercial field.
6. Manage specific projects of mutual interest and, where possible, with external financing resources.

SECOND PARAGRAPH. Activities to be carried out: The PARTIES agree that they can carry out other projects with other research groups that are duly registered in each Institution.

SECOND. Development of the Framework Agreement: The specific actions derived from this Framework Agreement must be agreed in writing through specific Agreements signed by the legal representatives of each of the parties, where those responsible for compliance, the objectives and tasks to be carried out by each Institution appear, the deadlines for its completion, the sources and forms of financing if required. These agreements, once approved by the competent authorities of the Institutions, will form part of this agreement, and will cover the necessary duration, and

will be subject to the availability of time and resources of each institution, since the program to be developed in the request for the service has been presented with due anticipation and taking into account, on the one hand, the autonomy of each institution and, on the other,

THIRD. Nature of activities to be carried out: Both Institutions will develop inter-institutional cooperation through: a) Organization of academic events, congresses, seminars, symposiums and others; b) Exchange of publications, study materials, scientific-technical information; c) Joint preparation of scientific articles, texts and other materials for publication in specialized journals to which each Higher Education Institution has access; d) Collaboration between professors and students of the research groups; f) participate in social outreach activities and joint consulting projects. g) Promote support and cooperation for the internationalization and generation of networks. h) and other forms of collaboration that are not expressed in this document and that are agreed by the parties.

QUARTER. Regulation of the agreement and scope of application: In any case, both USC and PSN COLLEGE OF ENGINEERING AND TECHNOLOGY - INDIA will be governed by the regulations in force in each of them, applicable in accordance with their legal nature. The objectives of each one of them will be respected, as well as their legal regime and autonomy, without prejudice to the necessary adjustments being made to achieve the objectives that are jointly determined.

Sole paragraph. Scope of application: This agreement has a scope of application at the level of the entities that sign it, with all their dependencies, administrative departments, units, faculties, in a framework of mutual respect for the rules that are their own, as well as the commitments acquired or that may acquire with other institutions for the same purpose.

FIFTH. General coordination committee of the agreement: For purposes of planning, development, monitoring, control, and evaluation of the objectives of this framework agreement and of the specific agreements that are signed, a General Coordination Committee of the Agreement will be formed, which will be made up of delegates of the legal representatives of both entities. On the part of the USC, the Committee of what this clause deals with will be formed by the Rector or the person he delegates for its execution.

SIXTH. General obligations of the parties: The parties mutually agree to: a) Provide the necessary and pertinent information to give way to the formulation and development of research projects and joint activities that result in specific Agreements; b) Contribute to the definition of the areas of interest or needs of Investigative, Academic, Scientific, pedagogical support, professional practices, accompaniment to the population in general and their families and technological; c) Design the portfolio of proposals and projects, according to the results of the

respective diagnoses; d) Execute, accompany and monitor the processes, as well as the evaluation of the operational and technical processes that may arise.

SEVENTH.Duration:This agreement will have a duration of five (5) years counted from the date of subscription, automatically renewed for equal terms unless expressly opposed by any of the parties expressed in writing thirty (30) days in advance of the date that the Interested party wishes to terminate it, without the need for a requirement of any kind or indication of the cause or reason for the termination.

Paragraph.affectation of the specific agreements:If there are specific agreements derived from this Agreement, it will not end until they have been liquidated, however, the parties agree that the maximum term to finalize the specific agreements is one semester from the date of termination of the framework agreement.

EIGHTH. Autonomy:The signing parties of this framework agreement retain full legal, financial, academic and administrative autonomy. Therefore, no type of relationship of dependency or subordination of one in relation to the other is generated between them, nor corporate ties, nor joint and several liability for the obligations that each one contracts in the development of their respective social objects and statutes. Consequently, each one will exercise its rights and will be responsible for its obligations independently. The legal relations that may give rise to patrimonial rights between the parties will be regulated by means of specific agreements that will be signed by the legal representatives.

NINTH.Causes of termination: This agreement may be terminated: a) Due to the expiration of the term agreed for its duration, as long as one of the PARTIES notifies by email notification. b) Due to non-compliance with any of the clauses of this agreement that make its execution definitively impossible. c) By mutual agreement between the parties, established in writing; d) Due to force majeure or fortuitous event that makes its continuation impossible for any of the parties. f) Due to the technical, administrative, or legal impossibility to continue with the execution of the agreement.

TENTH.Intellectual property. As it is a cooperation agreement to carry out research and extension courses, the inventions and creations, the results of the research and works created, will be the property of USC CALI - COLOMBIA and PSN COLLEGE OF ENGINEERING AND TECHNOLOGY - INDIA, the same that the totality of the author's patrimonial rights over the works created in the exercise of this agreement, for this reason, may not be used without the prior, express and written authorization of the intervening parties and taking into account their participation. Prior to the execution of any work from which new or unpublished results are predicted, the parties will sign Minutes of Agreement specifying their participation in the intellectual property rights.

ELEVENTH.Confidentiality:The parties undertake to keep confidential the information they obtain, know, and develop on the occasion of and in the development of this agreement. Likewise, regarding confidentiality, the parties agree that any information

exchanged between them, as well as that developed jointly during the execution of this agreement, will be kept confidential, reserved or secret, and may not be disclosed or disclosed in whole or in part, in any known or unknown medium, under the following conditions: a) The party receiving the information will keep this confidentiality, and will refrain from disclosing it to third parties, for their own benefit or that of others, without the prior consent and by writing of the other party; b) The obligation of confidentiality will be extended to all those developments or findings that occur as a result of the use of the information exchanged in this agreement and the specific agreements in the different projects that are developed; c) The party that receives the information will be responsible for ensuring that the people in their charge are subject to the limitations established in the previous paragraphs. By virtue of the foregoing, the parties, their employees, contractors and/or dependents are prohibited from transferring or supplying to third parties in any capacity, information obtained from the other parties in the development of this framework agreement and the specific ones; d) The parties undertake to disclose the information referred to in the present clause exclusively to employees, contractors and dependents who must know it for the development of their activities within the execution of the different framework and specific agreements, and under the obligation of confidentiality. Likewise, the parties will only reveal to these people only the part of the information that they must know for the execution of their activities within the specific agreements that they subsequently sign, referring to the different projects that they carry out; e) The parties undertake to adopt all reasonable security measures in accordance with the nature of the information to guarantee its confidentiality, secrecy, and confidentiality. the parties will only reveal to these people only the part of the information that they must know for the execution of their activities within the specific agreements that they subsequently sign, referring to the different projects that they carry out; e) The parties undertake to adopt all reasonable security measures in accordance with the nature of the information to guarantee its confidentiality, secrecy, and confidentiality. the parties will only reveal to these people only the part of the information that they must know for the execution of their activities within the specific agreements that they subsequently sign, referring to the different projects that they carry out; e) The parties undertake to adopt all reasonable security measures in accordance with the nature of the information to guarantee its confidentiality, secrecy, and confidentiality.

First paragraph. Use of information Likewise, the parties undertake not to use any information obtained by virtue of the framework and specific agreements in the different projects, for purposes and activities other than the development of the same, for their own benefit or that of third parties.

Second paragraph. Inclusion of confidentiality clauses: Likewise, the parties may include confidentiality clauses in the specific agreements that they subsequently sign.

TWELFTH. Privileged information: The parties undertake to maintain the secrecy of privileged information obtained on the occasion and development of this agreement.

First paragraph.- Privileged Information: Privileged information is understood as any information of a technical, financial, industrial, commercial or strategic nature, and any information related to current or future operations and activities, which also includes knowledge related to the business organization such as methodology, research, processes, procedures, tools, designs, applications, inventions, products, by-products, components, materials, hardware, software and all other tangible and intangible assets with commercial value, as well as all information related to processes and organizational structure; whether written, oral or visual, stored on physical, magnetic, digital or software media,

Paragraph two. Ownership of privileged information: the parties accept and declare that all privileged information of each of the parties will be their exclusive property, and that it has been or will be disclosed to the other party solely for the purpose of allowing full compliance with the obligations arising from the present agreement.

THIRTEENTH. Economic-financial obligations: The signing of this Agreement does not imply any type of prior economic or financial commitment by the parties appearing. The obligations of such nature, as well as any other aspect related to the actions to be implemented in the execution of the various forms of cooperation that motivate the present, will be subject to express provision in the specific agreements.

FOURTEENTH. Joint investigations. Research carried out in both institutions, on topics of common interest, may share human and material resources and be developed jointly. Joint investigations must be carried out in accordance with a specific agreement of both institutions previously established for that purpose.

FIFTEENTH. Non-exclusivity. The signing of this agreement does not represent any obstacle for the signatory parties to enter into agreements of a similar or similar nature with other institutions with similar purposes.

SIXTEENTH. Assignment: Neither party may assign the rights and obligations arising from this agreement without the express, prior and written authorization of the other party.

SEVENTEENTH. Exclusion of employment relationship: Each of the parties will autonomously and independently fulfill the commitments assumed and will use their own personnel in the fulfillment of their work, without any legal subordination between them of the national or international order, their collaborators and dependents, in such a way that they do not. There is no place for the establishment of any labor relationship

and, therefore, concepts such as fees, salaries, benefits, subsidies, affiliations, compensation, etc., that arise due to or on the occasion of the fulfillment of the object of this agreement will be assumed exclusively by the part to which it belongs. This agreement does not prevent the signing of similar agreements with other entities, national or international. This agreement does not create a partnership, franchise, co-investment or employment relationship between the parties.

EIGHTEENTH. Documents that are attached to this agreement: Certificate of existence and representation of each of the parties.

NINETEENTH. Compromise clause: Any dispute, or difference that arise between the parties due to the celebration, interpretation, execution, or termination of this contract, will be settled by direct conversation between the parties or ultimately by appointing a third party to act as amicable compounder.

TWENTIETH. Improvement: This agreement will be perfected with the signatures of the parties involved in it.

TWENTY-FIRST.- Notifications: The parties may be served at the following addresses:

22.1) USC CALI, Street 5 Carrera 62-00. Telephone: 5183000, Ext. 221. Email: rectoriausc@usc.edu.co, Cali- Colombia.

22.2) **PSN College of Engineering & Technology** (Autonomous Institutions), PSN Nagar, Melathediyoor (Post), Palayamkottai (Taluk), Tirunelveli - 627152. Tamil Nadu, INDIA) (+91) (4634) (279009) (279680); Mobile: (+91) 9442591197; Email: principal@psncet.ac.in. Web: www.psncet.ac.in

TWENTYSECOND. Address: The parties agree as domicile for the development of this agreement the cities of CALI-COLOMBIA and PSN COLLEGE OF ENGINEERING AND TECHNOLOGY - INDIA.

Once read and understood, the parties sign as a sign of acceptance, on the **Thursday (29)** day of the month of **September**, Two Thousand Twenty-Two (2022).

Report - International Seminar

Department of Computer Science and Engineering and Computer Society of India (CSI) students' chapter was jointly organized an international seminar on “**A Mobile Application to support Learning of Physiotherapeutic Diagnosis**” on 08.07.2023 through Zoom. The program was started with Welcome address by .Ms.Abirami IV-CSE followed by Chief guest Dr.Carlos Andres TaveraRomer, Professor, Faculty of Engineering gave the introduction about “**A Mobile Application to support Learning of Physiotherapeutic Diagnosis**”.

Mr.Andres Gerardo Dominguez Pineda, System Engineer and Research Assistant, Faculty of Engineering and Mr.Victor Manuel Hurtado Lopez, System Engineer and Research Assistant gave the brief explanation on the uses of a Mobile Application to support Learning of Physiotherapeutic Diagnosis and its overview, research details and future enhancement. The program concluded with formal vote of thanks by Mr.Surya of IV-CSE.

Around 120 students were participated in this international seminar along with all CSE staff members, Department HOD Dr. M.Vargheese, HOD-CSE, Dr. Sudhakar Sengan, Professor & Director International Relations and CSI students Chapter Coordinator Mr. D. Joseph Pushparaj, AP/CSE also participated in this seminar.

International Seminar– PO MAPPING

PO'sNo	KNOWLEDGE	Mapping	Topics
1	Engineering Knowledge	3	Introduction Mobile Application
2	Problem Analysis		
3	Design / Development of Solutions	2	Designing Mobile Application to support Learning of Physiotherapeutic Diagnosis
4	Conduct Investigations of Complex Problems		
5	Modern Tool usage	2	Android
6	The Engineer and Society	2	Innovative Knowledge needed Physiotherapeutic Diagnosis
7	Environment and Sustainability	2	Skills needed for Mobile Application development
8	Ethics		
9	Individual and Team Work		
10	Communication		
11	Project Management and Finance		
12	Life-long Learning	2	How Innovation helps in Diagnosis patients
