## ABOUT INDIAN KNOWLEDGE SYSTEM

Indian Knowledge System (IKS) encompass a rich diversity of traditional wisdom that has evolved over thousands of years in the Indian subcontinent, reflecting the profound intellectual and cultural heritage of the region. Grounded in ancient texts such as the Vedas and Upanishads, IKS spans disciplines including philosophy, science, mathematics, medicine, agriculture, and the arts, each contributing to a holistic understanding of life and the cosmos. Ayurveda, an ancient medical system, emphasizes balance and preventive healthcare. Indian mathematicians pioneered concepts like zero, impacting modern mathematics. Traditional Indian art forms reflect profound philosophical depth, enriching global culture. Indigenous sustainable agricultural practices promote ecological balance, while India's diverse literary heritage enhances understanding of societal values. As global challenges like climate change and health crises arise, integrating Indigenous Knowledge Systems with contemporary insights offers innovative approaches to sustainability, well-being, and cultural preservation.

## ABOUT THE FIRST NATIONAL CONFERENCE

The First National Conference on Indian Knowledge Systems is a pioneering gathering that explores India's rich indigenous knowledge system. Four sessions featuring four distinguished speakers each, will delve into traditional sciences, indigenous practices, philosophies, and Ayurveda. The conference aims to foster dialogue, cross-disciplinary collaboration, and the exchange of ideas while emphasizing the relevance of ancient wisdom in contemporary society. Through presentations, interactive Q&A segments, attendees will gain a deeper understanding of how Indian knowledge system contribute to sustainable development, environmental conservation, and holistic well-being. Join us as we reconnect with India's intellectual heritage, share innovative practices, and inspire future generations. The conference promises to be an invaluable experience for all attendees, offering opportunities to network, share research, and ignite passion for the preservation and flourishing of Indian knowledge system.
